

SAAC-26 CHARLOTTE

JULY 6-7-8, 2001

WE'RE PUMPED! Charlotte is coming up fast and based on three previous conventions there (SAAC-12 in 1987, SAAC-16 in 1991 and SAAC-23 in 1998) we know that everybody likes Charlotte. So we're expecting that it's going to be a big one. As big as SAAC-25? Why not. That convention proved that if you show up, and you bring your car, you're guaranteeing a memorable convention.

There are plenty of reasons why Charlotte is so popular. The track itself (now called Lowe's Motor Speedway) is one of the jewels in NASCAR's crown. When you drive through the tunnel and are suddenly on the inside you look up at that 360° banked ribbon of asphalt you get the feeling that you have just entered a cathedral of speed. It's not your imagination - you really do hear those Winston Cup cars blasting past just like you see on ESPN - *WHAH! WHAH! WHAH! WHAH! WHAH!* If it's your first time, you have to pinch yourself. "This is Charlotte. You're really here!" If you're an old hand, you're still impressed.

The track is only 5 minutes from a cluster of hotels, all first class. The convention headquarters hotel, the Charlotte Hilton is the biggest. And restaurants and a shopping center are all within sight.

Within an hour's drive of the track, in just about every direction, is something for a race fan to do either before or after the convention. We suggest you do some homework. There's the Joe Weatherly Museum at Darlington, the North Carolina Auto Racing Hall of Fame in Mooresville, the Richard Petty Museum in Randleman and the Hendrick Motorsports Museum & Gift Shop in Harrisburg. That's just for starters. You can also visit any of the major race shops: Penske Racing, Roush Racing, Dale Earnhardt, Richard Childress Racing, Joe Gibbs Racing - you name the team and chances are they have a pristine facility

close to the track. Some have a glass wall along one side so visitors can walk through and observe what's going on. And just about all of them have gift shops - which is why you *really* stopped. Admit it.

Charlotte is also the home of Holman-Moody and if you haven't heard of them you're reading the wrong newsletter. Put it down and pick up a copy of *Knitting and Quilting Quarterly*. They're still out by the airport and Lee Holman is building a series of continuation Ford GT MK IIs as well as providing all kinds of race prep and restoration services.

After seeing how popular SAAC-25's vintage races were we've decided to include them as part of every convention. So you can expect some wheel-to-wheel racing with three separate race groups: Cobras and GT40s, GT350s and Trans-Am sedans (1965 through 1995). And since we're at Charlotte, we're going to invite as many Ford powered vintage Grand National and Winston Cup cars as we can find for a special race of their own.

Starting with SAAC-26, we'll be setting aside a parking area near the paddock for all special cars - Shelys, Cobras, Mustangs, etc - which will be roped off and maintained for the entire convention. Look for the signs.

The usual convention activities will consume the daylight hours out at the track: parts swap, judged concourse popular vote car show, open track and kids' rides each day. On Friday night, back at the Hilton, we'll be holding seminars, a Shelby Art & Literature Show and model car contest. On Saturday night we'll have a buffet dinner and evening program with guest speakers whose names you will instantly recognize. SAAC-26 is going to be another good one.

FAST TRACK. Want to drive the legendary Charlotte banked oval in a Winston Cup race car? Here's your chance. Fast Track is one of the premiere NASCAR schools and we've used them at past conventions at Charlotte. They do an excellent job. Four separate Thunder Sessions are available: 8 am, 10 am, 1 pm or 3 pm. Each can accommodate 23 drivers and spots will be filled on a first come/first served basis. The Sessions include a classroom chalk talk, in-car orientation and then 10 laps at speed. What's it like out there? You'll know. Helmets and driver's suits are provided. If you don't want to drive but you want the ultimate E-ticket ride, instructors will give 3-lap rides all day. No pre-registration is necessary - just show up. Talk your better half into the passenger seat and she will never again complain about your being glued to a 500 mile NASCAR race again!

SAAC-26 VINTAGE RACE. Cars must appear period correct and pass a safety inspection (5-point harness, fuel cell, external cut-off switch, full Nomex, etc (specifics will be sent with confirmation). Please include a photo of your car (it will be returned) with your entry form and a photocopy of your competition license (SCCA, SVRA, HSR, VARA, etc).

WINSTON CUP GARAGES. Each garage holds one car. Only 50 are available and we guarantee they will be snapped up quickly, so if you want one, fax or mail the form TODAY! If you want a garage next to someone let us know and we will do our best to accommodate you. All garages have electricity.

PADDOCK OPEN CANOPY. There are 30 of these and you may be able to squeeze two cars underneath. Tin roof with no sides, work bench in the center. If you want to be adjacent to someone let us know and we'll try to make it work.

SAAC-26 CHARLOTTE PRE-REGISTRATION

REGISTRATION FEES ARE PER PERSON/PER DAY. Everyone 16 years or older must pay the registration fee - either in advance or when you arrive. There is no charge for children 15 and under.

PRE-REGISTRATION CONFIRMATION. After we receive your pre-registration we will send you an acknowledgement by mail. It will include a confirmation letter, event schedule, map to the hotel and track and car show information. Also included will be open track information, in the event that you later decide you would like to participate.

LOWE'S MOTOR SPEEDWAY OPEN TRACK spots will be allocated on a first-come, first-served basis to pre-registrants who are **SAAC national members**, driving **Ford-powered cars only** (exception: Shelby Series I cars). If you would like to run your car but are not a member of the national club you will have to join. No exceptions. Open track cost is \$100 per car for each half day (morning or afternoon sessions). Two drivers may share a car (entry fee is based on the car - not the number drivers; additional drivers need not be SAAC members). All drivers must attend the 8:00 a.m. Drivers Meeting prior to going out on the track and all cars must pass SAAC's safety inspection. The open track is NOT a competitive event. Please understand that. If you are undecided about running there may be slots available on the morning of the event, and if so they will be filled on a first-come, first-served basis after the driver's meeting. However, we cannot guarantee that spots will be available by that time so we strongly recommend pre-registration. By pre-registering, you will also receive advanced information which will help you to understand how the event will be run and exactly what will be expected of you when you arrive with your car at tech inspection. You may run your car as hard (or as easy) as you feel comfortable doing. We will run rain or shine; there will be no refunds in the event of less than perfect weather. We will be using a combination of the NASCAR banked oval and the infield road course - 2.25 miles total. Race gas will be available at the track all three days.

VINTAGE RACES will be held on Sunday afternoon, with race practice on Saturday afternoon. There will be separate classes for Cobras and GT40s, GT350s and Trans-Am cars, with the possibility of an additional race for Ford powered vintage Grand National and/or Winston Cup stock cars. Registration and entry for this event is separate from the open track. There will be two practice sessions on Saturday afternoon, a warm-up and a 15-minuts race on Sunday afternoon. Drivers must have current competition licenses issued by recognized sanctioning bodies and cars must appear period correct and pass safety inspection.

POPULAR VOTE CAR SHOW will be held on Sunday morning. There is no separate registration fee or paperwork required. All you have to do is show up and park in the correct class. The car show area will be in the track's infield. The number of trophies per class (maximum of 3) will be determined by the number of cars in each class. If there are not enough cars to form a class, those cars will be folded into the Special Interest Class. All trophies will be engraved with the winners' names and mailed to them after the convention.

JUDGED CONCOURS will be hold on Saturday morning. Entry into the Concours Car Show is by pre-registration only, open to SAAC National members only. The entry fee is \$25 per car and spaces are limited to 8 cars per class (due to the time it takes judges to evaluate each car). You cannot register for and enter the concours after you arrive. There will be concours classes for the following cars: Cobras (CSX2000 and CSX3000 cars only), Shelybs (all years), Bosses, Tigers and Competition Cars. There are 3 levels: Division I (stock/original cars); Division II (non-NOS cars); Division III (original/unrestored "Survivor"). All other cars are-eligible-for the Popular Vote Car Show. The same car cannot be entered in both concours and popular vote shows. Concours entry is on a first-come/first-served basis. Judging guidelines will be sent to all entrants. All trophies will be engraved with the winners' names and mailed after the convention.

PARTS SWAP SPACES will be assigned on a first-come/first served basis out at the track beginning on Thursday. **There is no pre-registration for parts swap spaces.** The SAAC parts swap will take place at the track from Thursday through Sunday. Once you set up there will be no need to move. The track will close each evening at 6:30 pm so once you set up, all you'll have to do is secure your belongings before you leave. There will be a one-time swap meet space fee of \$10 per frontage foot (spaces are approx. 20' deep) - payable after you set up. This charge will cover the entire convention. There will be sufficient space for everyone to have as much as they need. Complete swap meet details will be mailed to anyone who checks the appropriate spot on the pre-registration form. All swap meet vendors and staff must pay the daily registration fee.

REFUND POLICY. REGISTRATION REFUNDS (less a \$20 service charge) will be made if we receive written, fax or e-mail notification of your cancellation prior to June 30th, 2001. Telephone message cancellations cannot be accepted. There will be NO OPEN TRACK REFUNDS once all slots have been filled. In the past we have attempted to issue refunds to those who signed up in advance and then, at the last minute, found that they would not be able to participate. In the meantime all slots had been filled and we had to turn people away. In some cases not being able to run meant those people either did not bring their cars or did not attend the event. When slots became available at the last minute due to these eleventh-hour cancellations, those people who had wanted to run were not in a position to do so. The whole situation strikes us as unfair, so we have adopted a strict open track refund policy. No refunds will be made the day of the event or after the event. Credit for future convention open track spots will be issued. SATURDAY DINNER TICKET REFUNDS will be made prior to June 30th when written notice of cancellation is received. Refunds cannot be made after that time as we will have left for the convention and also because the final number of meals will have been confirmed with the caterer.

DRIVING AT SAAC-26?
THEN YOU BETTER READ THIS.....

All helmets at SAAC-26 must be Snell-95 S-A or newer. The Snell Foundation updates its standards every 5 years, so helmets rated 95 or 2000 will pass tech inspection. Snell 85 or 90 helmets will not. Pouting, sob stories, or tantrums will have no affect at Tech. If it's time for a new helmet then bite the bullet and buy one. Helmets don't last forever but we would like your head to.

PRE-REGISTER EARLY FOR SAAC-26
AND RECEIVE A SPECIAL COLLECTIBLE

The first 250 people to pre-register for SAAC-26 at Charlotte will receive a special collectible. We're going to have 250 of these items made, and they will not be available to anyone else. It's our way of saying "thanks" for pre-registering early and helping us get the ball rolling with this convention. You'll be able to pick it up at registration.

SAAC-26 HEADQUARTERS HOTEL

Everyone always wishes they'd made reservations at the headquarters hotel but it tends to fill up quickly. The Charlotte Hilton, about five minutes from the track, has had a major addition since the last time we were there and they now have additional rooms as well as a ballroom large enough to accommodate our group for Saturday night's dinner. We've filled about half the Hilton's rooms so far. When they're filled we'll include details on the secondary hotels. All are close to the hHilton.

Headquarters Hotel: Charlotte Hilton 704-547-7444

SAAC Convention rate is \$109 per night. One night's deposit is required. Please identify yourself as a member of the Shelby Club when making reservations.

This document was scanned from the original December, 2000 (#83) SAAC newsletter. A reasonable effort has been made to see that it is complete and accurate as presented. However, it may vary. Be sure to verify the items that are important to you.
