The Superformance Owners Group

Welcome to SCORE!

The Superformance Owners Registry

Since 1997, **Second Strike, the Superformance Owners Group**, has been working directly with Superformance, the factory, dealers, and owners to register all Superformance chassis and owners in **SCORE, the Superformance Owners Registry**. We have factory shipping records for every chassis shipped from the factory and owner records for over 4,500 current and prior owners representing over 95% of all Superformance chassis sold. **SCORE** is a vital and important part of Superformance history. Entry in **SCORE** identifies your car as a Superformance original, helps you get in touch with other owners, and as the master contact list for Superformance, allows Superformance to stay in touch with you.

Please help us help you by keeping your data in the registry correct, particularly your address and email. If you move or sell your car, please let us know immediately.

Second Strike developed and maintains the **SCORE** data base system on behalf of Superformance and Superformance owners. **SCORE** includes all Superformance makes - Mk III (427), S1, Coupe, GT40, Grand Sport, Perana, and Mk II (289). We currently have Superformance cars registered in 38 countries around the world, all fifty USA states, DC, and Puerto Rico. Access to the information in the SCORE registry is restricted and is available only to registered Superformance owners and the Superformance organization.

Second Strike also maintains the **Shelby American Automobile Club (SAAC) Registries** for the Superformance Coupe and the Superformance GT40. If you are lucky enough to own one of these cars, your information has been entered in the SAAC registry as well.
